This summer, we invite you to take time out to worship, receive and be inspired as we explore the theme of "Finding your song"

*We are delighted to welcome **Judy Moore** as our guest speaker. Judy is an engaging speaker, writer and performer. She has been a frequent speaker at Spring Harvest both in the UK at Minehead and Skegness and also in France. Judy has spoken at many women's conferences across the UK, in Australia and the USA. Her passion is the relevance of the gospel to every person every day and she loves to use stories to illustrate meaning and to bring humour and entertainment into learning and inspiration. She has performed on several book tours with author/speakers such as Jeff Lucas, Philip Yancey and Adrian Plass.*

Judy currently serves as part of the leadership team of Riverside Church, Birmingham.

Judy will guide us in looking at our own unique song to the world in terms of purpose, passion and calling and how we can deal effectively with the thieves of comparison and disappointment.
